New Business:

1. Joel – Fundraising Idea presented by David, representing the mattress fundraising company
- handed out several brochures explaining how the fundraiser works. Basically, the kids would ask people to attend an event where mattresses, bedding, and associated items would be presented for sale at a discount. Kids would receive portion of event as spelled out in brochures. Other organizations in this area have held this fundraiser before, including Middleton and Cole Valley, and have had success with it.

- Joel to handle asking district for permission to hold fundraiser
- would this fundraiser effect any of our local businesses that support the music program?
